FIRE DEPARTMENT

Deputy Fire Chief

Newburyport Emergency Management
Civil Defense

The Newburyport Fire Department, its Officers and Firefighters wish to take this opportunity to congratulate your Agency on commemorating its 55th Anniversary of service to the City of Newburyport.

We, in the Fire Service, are well aware of the dedication of the Agency's volunteers in responses to all types of man-made and natural emergencies, as the Agency works hand-in-hand with our responses. Many of our Firefighters received their initial training as members of the Newburyport Civil Defense.

Again, sincere congratulations, and we look forward to your continuing support in the years to come.
