Dear Friends:

I am very pleased to have this opportunity to acknowledge the hard work and dedication of the Emergency Management and Civil Defense Department. On this occasion, the Department's 55th anniversary, it is my honor to recognize the very important role that the Department plays in the health and safety of our community. With one part-time employee and many volunteers, this Department is prepared to handle any emergency that arises in the City, whether it be an evacuation due to a chemical spill or a hurricane.

The residents of this community are very fortunate to have such a dedicated and caring group of individuals planning for their safety and standing ready to help in any and every emergency. On behalf of the City of Newburyport, I extend my gratitude and thanks to the Emergency Management and Civil Defense Department.

Sincerely,
